BS in Evolutionary Anthropology Advising Form

The Evolutionary Anthropology major is an intensive 50 credits and leads to a Bachelor of Science (B.S.). This major is for those who are interested in archaeology, biological anthropology, paleoanthropology, geoarchaeology or other related fields in human evolutionary studies. **Please note**: Seniors should submit a completed copy of their advising form to Maydelle Romero (RAB-318) prior to your final semester.

<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
9. **Anthropological Genetics:** one course required – 3 credits (070: 240 or 420)

10. **Electives: four or five evolutionary anthropology courses required – 12 to 14 credits**

*Elective credits may be fulfilled by any other 070 evolutionary anthropology course, including Honors in Anthropology and one approved independent study. No course may fulfill more than one requirement. Credit will be given for approved courses in other departments relevant to your interests in evolutionary anthropology. All courses applied to this major must be completed with a grade of C or better.
